Peace and Justice.
The month of July evangelizing message is "Building our Christian Community with Peace & Justice".

The Peace and justice we are speaking about is what Christ identified as the basic ingredients of His kingdom, different from what the world offers, For Christ:

- Peace is not the absence of difficulties and hardships, but serenity while struggling to face the daily challenges of life.
- Justice is not simply avoiding injustices but working positively and generously to serve the common good

Thus Peace and Justice for a Christian community is the result of hard work to give priority to the projects to solve the needs of the **COMMUNITY**

Building the common good as a priority, where everyone is involved and contributes generously must be the priority of any pastoral plan. Our pastoral plan is focusing on **SOLIDARITY...** and that means we work together to help each other all

our diocesan projects are on this line: rebuilding structures, leadership capacity, programs for the development of the community, they are all tools and means in building that kind of Justice and peace that Christ is speaking about as the basic ingredients of the kingdom...

Therefore; justice and peace are not simple words to use when we speak...

they are a target we must achieve by a personal contribution to the good of all together we stand, we defend each other, we grow in peace separated and divided by selfishness, envies and jealousies, we hurt each other and create injustices and troubles

Lets' then be one in solidarity and give the best we can to the programs we are trying to promote contribute to the creation of a pastoral plan which responds to the needs of justice and peace

with my blessings

“We give and re-give all a sense of the value of SOLIDARITY as we promote, live and experience in our lives, true acts of JUSTICE & PEACE with our brothers and sisters and the nature around us”

Relysdom A Malakana

Building Christian Community with Justice and Peace is our July's evangelising message, so was the years theme message for the Diocese of Gizo.

It's a piece of saying but indeed a powerful message which totally-challenges us. It's not the word itself that is challenging but it was a message that comes from the human mind trying to bring forward the message so that people act on, which facilitators are encouraged and facilitated the message in their working together for peace, justice and reconciliation at diocesan level.

As you well know, the theme we give and re-give all sense of the value of Solidarity, that is to live and experience the true acts of JUSTICE & PEACE was launched at the beginning of this year.

Well, through collaborating with communities, we can prevent violence and promote a culture of peace. Part of this has included working with people who are systematically oppressed by violence, and acting in solidarity with all struggling for justice, peace and the integrity of creation. Trying to bring people to tell their stories and testify.

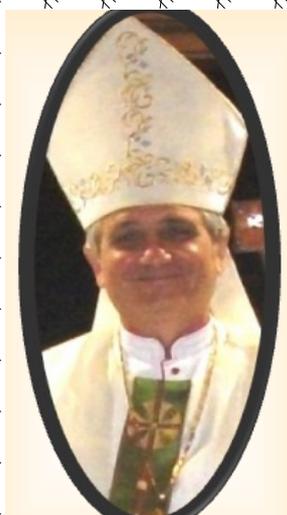

Well, the capacity of its message lays on everyone's responsibility. We cannot blame the channel or its structure of its implementation or awaiting the responsible people to carry on the activity.

Now is the time to motivate to work together with action, developing complementary roles to enable and empower each other to serve our parish. Must be instruments of practice and call one another to mutual accountability between us – in faith, life and witness.

The promotion of visible unity between the facilitators and ourselves finds its expression also in a joint responsibility for witness and service. Moreover, our participation is not an aim in itself, but a sign of God's coming kingdom and thereby instrumental in promoting justice and peace.

Let us share our wisdom, let us be listening for the voice of God in the words of the other. Let us be the protectors of God's creation and every human being. Finally, let us be good advocates and followers of Christ – who come to preach good news to the poor.

Youth and the Cross in the Shortland Island.

The month of May was devoted to the Cross. The Our Lady of the Most Holy Rosary Parish -Nila had a series of activities dedicated to discovering the significance of the cross in the life of the Christian community.

It started with the Youth PAGES held on April 28. PAGES stand for Prayer, Adoration, Gathering, Eucharist, Sharing. It is a gathering of the students of St. Anne's Vocational School and the St. John Bosco Schools in Nila, Shortlands. The goal of this activity is to instil in the young people a devotion to the cross and discover their missionary calling in the community.

During the Youth PAGES, the pilgrimage cross was with the celebration of the Holy Mass with the Parish Priest, Fr. Edmund Siguenza presiding and Fr. Richard Tun-Tun concelebrated, blessed it and its journey to the different villages in Shortlands was begun.

The pilgrimage cross will be brought to a village where it will be welcomed by the people with a procession from the shore to the village chapel. To formally welcome the Cross into the community there is a prayer

celebration. It will remain in the village for three days and the people will keep vigil and have an adoration of the cross. A Mass in commemoration of the Triumph of the Cross will also be held.

Afterwards, the people of the village will bring the cross to its next destination. The action of the people in bringing the cross to the next village where its people will be waiting is also an expression of the goodwill

of one community towards another.

The journey of the pilgrimage cross was culminated with a 2-day Parish Youth Pilgrimage from May 26 to 27.

The primary theme of the Parish Youth Pilgrimage is taken from Scriptures, "Speak Lord, your servant is listening." (1 Sam 3:4). The secondary theme is the theme of the Diocese of Gizo for the youth month, "Always be joyful in the Lord." (Phil. 4:4)

The objective of the program is to gather the young people of the parish, to bring them together and lead them to an encounter with each other and with the presence of God through prayers, celebrations, singing and dancing, talks, sharing and a pilgrimage to the Mission Cross. It is hoped that through this activity, the young people will find their connection to the entire parish community and discover their calling and mission as Christians.
